

Introduction to Handgun Safety

This class is designed for people who have never handled a handgun. However, this course is also HIGHLY recommended for new gun owners and is a great refresher for anyone that has not handled firearms for a while. Class begins with an approximate one hour lecture and the remaining time spent on the range.

Students will learn the 4 Rules of Handgun Safety:

- 1) Treat all as if they were loaded and ready to fire
- 2) Never point the muzzle at anything you are not willing to Destroy
- 3) Keep Your Finger OFF the trigger unless you are in the act of firing an aimed shot
- 4) Be sure of your target and what lies beyond it

Students will then learn the 7 Fundamentals of Accurate Shooting:

- 1) Stance
- 2) Grip
- 3) Sight Alignment
- 4) Sight Picture
- 5) Breathing Control
- 6) Trigger Control
- 7) Follow Through

The student will learn to confidently handle the weapon in a controlled environment. The student will begin handling the gun and properly manipulating the trigger with no bullets in the gun. When the student is comfortable with this process, live fire training will begin.

Paper targets as well as Eye and ear protection are provided. The student will need approximately 50 rounds of ammunition which is not provided.

Rental-guns are also provided for the student, however, if you already own a gun, we highly recommend you bring it.

This training class is a \$130 Investment
